Box No. V	Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement
-----------	---

Claims 1 to 6, 20, 22, 24 and 26

Documents 1 to 7 cannot be said to disclose the feature of concealing the image disturbance once the switching data that is transmitted from the center device has been received; furthermore the feature in question cannot be said to have been obvious to a person skilled in the art.

Claims 7 to 10, 21, 23 and 25

Documents 1 to 7 do not disclose the feature of concealing the image disturbance that is caused by the image switching operations of the center device, and cannot be said to disclose the feature of setting the point in time when the image disturbance means will terminate the concealment process based on the first time stamp that is generated when the center device encodes the aforementioned image data that has been switched; furthermore, the features in question cannot be said to have been obvious to a person skilled in the art.

Claims 11 to 13, 14 to 17, 18, 19 and 23

Documents 1 to 7 cannot be said to disclose the feature of "acquiring switching data, which expresses information pertaining to the operation by which the image switching means switches the image data, and then transmitting the acquired switching data to the aforementioned display device" in the center device that is set forth in claim 11, or the feature of "acquiring the first time stamp, which is generated when the encoding means encodes the image data that was switched by the image switching means, and then transmitting the acquired first time stamp to the display device" in the
